This is a small fun shoot that happens once a year, hosted by the Lake Fork Cowboys [not an official SASS™ club]. It's a **great venue for newer shooters** and **gives experienced shooters the chance to shoot different types of targets**, including some flying clays. It's also a great chance to **introduce non-Cowboy shooters** to Cowboy Action Shooting [CAS]. Cowboy shooters, we ask that you please wear your cowboy/cowgirl garb. Spectators and guests are welcome. **Ear protection & eye protection are required.** The range has a porta-potty but no running water. There is a grocery store, fuel, and restaurants in the town of Atwood.

For more information, contact the following members of the Lake Fork Sportsman Club:
